**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a competitive provider (Sonic) in San Francisco, California because Sonic provides fiberoptic internet access with higher download and upload speeds at lower price than the cable internet access offered by AT&T. This fiberoptic internet access has been a noticeable improvement in my internet experience. Uploading large files is faster and downloading streaming services is without buffering problems.

I urge the FCC to keep the unbundled elements that are critical to this fiberoptic service and enable competitive providers to remain in my market.

Thank you for your attention and consideration.

Michael Geiser
